EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Herrick on November 24, 2003.

The application has been amended as follows:

IN THE CLAIMS:

Claim 12, line 2, "minimal" is deleted, and -- less -- is inserted in its place.

Claim 12, line 4, "barri r" is deleted, and -- barrier -- is inserted in its place.

Claim 12, last line, after "gsm", -- and providing an antistatic rich surface -- is inserted.

2. This amendment clarifies the requirements of independent claim 12 by indicating that one side has less antistatic agent than the other side and that the side which as the antistatic treatment applied to it is the side that becomes the antistatic rich side. This overcomes the pending 35 USC 112 rejection as to the confusion caused by the term "minimal". The amendment to claim 12, line 4, corrects a typographical error in the claim.
